### What rates should I expect?

Installment loans have predictable monthly payments, and can be funded quickly. Hearth’s lending partners consider factors such as income, FICO score, credit history, outstanding debt, and the loan amount requested when determining these rates.

Hearth has 3 rate plans that let you know what to expect when you request rates. You’ll likely see options with APRs in the ranges listed below, but may receive options with lower or higher APRs.

Credit Range	Pre-qualification rate*	Est. APR Range**	Loan amount	Loan term***	Lending partners
<b>Excellent:</b> 700 - 850 FICO	88%	4.99% - 15.24%	\$1,000 - \$100,000	2 - 12 years	8
<b>Good:</b> 640 - 700 FICO	64%	15.85% - 29.09%	\$1,000 - \$100,000	1 - 7 years	8
<b>Building:</b> below 640 FICO	37%	22.48% - 34.70%	\$1,000 - \$50,000	1 - 5 years	5

\*For each self-reported credit score range, pre-qualification rate is calculated by dividing the number of pre-qualified Hearth users by the total number of users who submitted a loan request.

\*\*For pre-qualified Hearth users with this credit score range, our lending partners returned loan options with this range of minimum APRs for the 65% of pre-qualified users with minimum APRs between the 10th and 75th percentiles.

\*\*\*For example, a loan in the amount of \$10,000 for a term of 5 years with an APR of 6.00% would be repaid over 60 monthly payments in the amount of \$193.33.
